

WEST CREEK ACADEMY

SCIENCE TECHNOLOGY ENGINEERING ART MATH NIGHT

Join us for an evening of interactive activities!

September 7 • WCA MPR • 5:30PM - 7:30PM

Did you know that careers in science, technology, engineering, arts, and mathematics (STEAM) are growing more than twice as fast as the rest of the job market? You already know how valuable math is to your child's future success . . . but do you know how much fun it can be?

Come find out at WCA's STEAM Family Night -- sure to be a fun, family-friendly event that sparks passion for STEAM through activities and games for BOTH students and their families.

You and your child will explore ... inspire ... empower ... create and educate yourselves about how much fun STEAM can be. You will also learn simple things you can do at home to foster your student's interest in STEAM. Most importantly, you will get the chance to connect with other families while you and your children learn and play together.

Let Us Know You Are In!

Please complete, detach and send the following to your child's teacher!! *Siblings welcome*

*Pizza & lemonade will be served. *First come, First Served. While supplies last**

Student's Name _____

Student's Teacher _____

Number of Adults _____ Number of Children _____
